

UNLIMITED POTENTIALITY WITH THE 3RD PALLET 《GX & CN STRATEGY》

**Zero Emission from Industrial Waste Materials
A breakthrough solution to increasing large wastes
by our reusable 3rd Pallet**

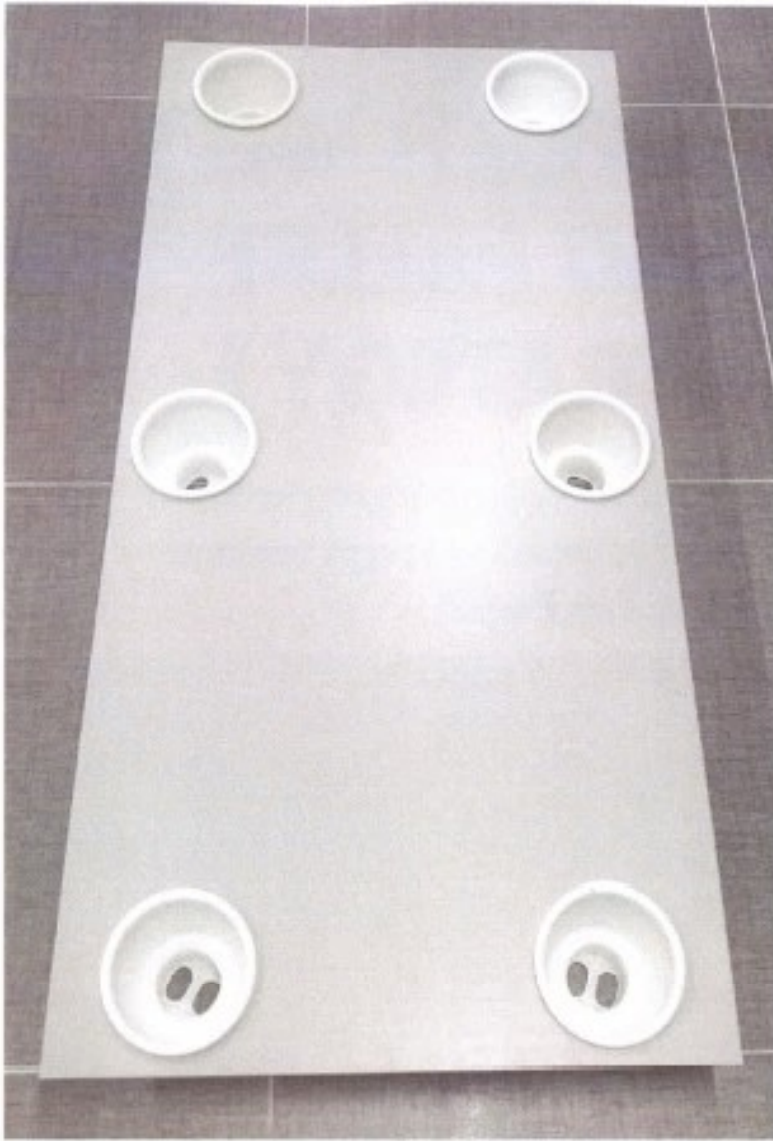

► **HEAVY LOADING CAPACITY**

Flexible loading capacity by change of the number of legs
(Storage by stacking can be done).

▶ 3RD PALLET

(DISASSEMBLY, REUSE, REUSABLE PALLET)

- Zero industrial waste: recycling.
- Lower transportation cost.
- Easy disassembly.
- Lightweight, low physical burden.
- Optimize defects of paper products caused by water absorption.

Loading capacity can be changed by number of saddles.

▶ POSSIBLE TO CHOOSE BEST MATERIAL AND SHAPE DEPENDING ON EACH APPLICATION.

Plates:

- Honeycomb cardboard
- TECCELL board
- ECO board
- Concrete panel
- in the future...promising candidates
- Polycarbonate honeycomb board
- PLUSWOOD ...etc.
